## EXCELLENCE

Mid America Metals has been providing Architectural Metal, Stone and Wood restoration since 1985. We are a family owned business that pays attention to the details, not just because we care about appearances, but because we care about reputations....yours and ours! Our innovative techniques, commitment to environmental sustainability, competitive pricing, customer service and quality are just a few of the reasons why we've been able to work on some of the most prestigious buildings in the country. Let us show you how we can improve the look of your *Metal, Stone and Wood.*

Whether we're removing a scratch from an elevator door, honing and polishing your main lobby floor or restoring the beauty of your wood accents, we're doing more than just improving the appearance of your building, we're **enhancing its value.**

A large, circular, metallic emblem is the central focus of the image. The emblem has a dark, textured center with a prominent, stylized 'V' logo. The 'V' is composed of thick, metallic-looking lines. The background of the emblem's center is a rough, stone-like texture. The emblem is surrounded by a wide, polished metallic ring with several small, rectangular notches. The entire emblem is mounted on a light-colored, textured wall. The image is split vertically down the middle, with the left half being a darker, slightly blurred version of the right half.

## OUR GUARANTEE

We want you as a customer for life, which means giving you our best every time. We guarantee that you will be completely satisfied with our services. If for any reason your expectations were not 100% satisfied, then we will continue to work on the job until you are satisfied, issue you a credit for that portion of the work, or give you your money back. Guaranteed!

## SERVICE

Our services are determined by your needs and your budget. We specialize in monthly maintenance programs that are tailored to match your building. Our revolutionary custom scheduling system allows you to stay informed with each refinishing project and insures your building looks great, year round. We can also do a project on a one-time only basis, even on short notice to quickly recapture the beauty of your metal, stone and wood. Our years of experience, combined with our new innovative techniques developed at our own research and development center means you'll get the **best finish possible, every time.**
